

# SENIOR PORTRAITS

Expect your photoshoot to last approximately 1-2 hours as we may photograph at various locations. We may take up to 200 photos during the session. We will create an excellent portfolio for you to work with. Bring as many changes of clothing and props as you wish. Autos, instruments, sports equipment, pets, hobby items, etc are all welcome. We want Senior Portraits to tell the story of who they are during this important moment in their life. Following the session you are welcome to review the photos and help us rate your favorites.

*Final purchasing decisions can come later.*

Minimum payment of \$200 due (\$100/session + \$100/products), per Senior, at time of booking the session to reserve date and adequate time  
(\$100 Photography Fee for all sessions - \$50 per client if more than 1 is sharing the session twins, cousins, friends, etc..)

## Build Your Own Package Options
